We work hard to create well-balanced, effective learning environments for all students. We understand every child is unique and want to honor those differences. Since we know little about some of our incoming kindergarten students, we ask that you provide us with as much information about your child as possible to assist us in classroom assignments for the fall.

For the same reasons listed above, we ask that if your child attended preschool you grant us permission to get input from their preschool teachers as well, to help us create the best learning environment possible for your child. Information will be shared between the Pre-School provider and Gunnison Lake School staff for educational purposes only. Please initial here if we have permission to communicate with your child's preschool teacher. _____
